Dear Sergeant Azlin:

Attached you will find a letter from Ronnie C. Harris, Mayor of the City of Gretna. Mayor Harris wanted to acknowledge your unselfish acts of kindness shown to them during the aftermath of Hurricane Katrina. As you may ascertain from his letter, Mayor Harris and the City of Gretna sincerely appreciated all of your efforts during these unfortunate circumstances. As an expression of their sentiments a resolution of gratitude is also attached to this letter.

Your actions truly reflect a compassionate quality that you should be proud of and others should emulate. You gave of yourself willingly and generously, and demonstrated outstanding policing and "people skills" by making yourself available during this disaster that affected every citizen of the United States. Words cannot express how elated I am to serve along with someone of your caliber. Thank you for your constant commitment to this department, and the citizens of Shreveport.

Sincerely,

Local officers get upclose look at Katrina

I have been trying to keep you updated on our relief efforts as a result of the hurricane and in an attempt to clear up rumors by attending roll calls, sending MDT messages, and memorandums. I will continue to do so as new information comes to light.

As I have mentioned in every roll call, MDT message, and memorandum, I want to reiterate that our primary mission is to reduce crime and provide quality service to all persons we come in contact with.

As a division, we have worked too hard to reduce crime and cannot allow our efforts to go to waste. I would ask that you stay focused on crime and continue to do everything you can to prevent crime and apprehend those responsible for committing crimes. *

SPD K-9 officers were sent to South Louisiana to assist in Hurricane Katrina relief efforts. Shown here is Officer Joshua Feliciano, Lt. Leroy Azlin and Officer Toby Morrison. Ask any of these guys about their experiences there, and they can give you an ear full!

Nine sent south to help; more assigned to Hirsch

By Asst. Chief Glenn Schach

I would like to start out saying that in the aftermath of Hurricane Katrina, USD members have responded professionally and with compassion for those who were displaced as a result of the hurricane.

I am proud to be associated with a group of true professionals who have the caring and compassionate attitude to take care of others. Thank you for your efforts.

I also want to thank Lt. Tony Leblanc, Sgt. Dwayne Malone, Sgt. Leroy Azlin, Cpls. Tim

Adgate, Robert Ellis, Chuck Thompson and Jim Germaine, and K-9 Officers Josh Feliciano and Toby Morrison. These supervisors and officers volunteered to travel to south Louisiana immediately.

ately after the hurricane to help our brothers and sisters in law enforcement. Each of them represented the department in a manner that makes us proud. They went through difficult times and clearly displayed the character and selfless service that earns the respect of others.

As of this time, we have not received requests for additional assistance in south Louisiana. There are no plans at this time to dispatch another team. There may be a need to do so in the near future, and decisions will be made at that time.

Thanks to all of you who have volunteered. The list of volunteers is still being maintained in case there is a need to dispatch additional personnel to the region.

Shreveport officers were among those who first responded to the rescue mission in South Louisiana. They were Lt. Tony Leblanc and Cpls. Tim Adgate and Robert Ellis, seen standing here in front of the New Orleans Superdome.

SPD officers come through time after time

Hurricane Katrina's devastation has been well documented the last few weeks. So has the overwhelming support American's have shown with relief for the victims. Chief Campbell has charged me with coordinating the Department's efforts to assist the evacuees.

Our response increased dramatically Thursday, Sept. 1, 2005, when 9 school buses unexpectedly rolled up to Hirsch Coliseum with over 400 evacuees. These evacuees were from St. Bernard Parish and had been on a bridge, without food and water, for days. Officers and supervisors on the scene quickly responded. A processing center was organized and assistance requested. Local medical personnel, fire department EMS and citizens responded to assist. The Red Cross, The Salvation Army and the First Assembly of God Church on Buncombe Road teamed together to supply food and shelter for these victims. As the days passed, the process of assisting the evacuees became a well oiled machine, proving that the many practices that have been conducted over the years with critical incident management helped prepare us for this incident.

I would particularly like to thank Capts. Wayne Smith, Frank Datcher, Mark Holley, Sgts. Robin Snyder, Jim Haacker, Moe Cunningham, Willie Shaw, Cpls. Rodney Horton, Jimmy Thomas, Van Wray, Mary Coburn, Bill Goodin and Officer Jason Person. These officers were of invaluable service that day. With their dedicated service, all of the evacuees were processed and given shelter.

In the days after this most devastating of natural disasters, officers responded with an incredible level of compassion and professionalism. I know there are names I have failed to mention, and I sincerely apologize. To all of the Officers who have worked at the fairgrounds, LSUS and the EOC, I want to offer my most sincere thanks. Your compassionate response and professionalism is what makes me proud to say, the members of the Shreveport Police Department stepped up again and took care of business. ★

Officers rescuing people in New Orleans saw their share of misery. Many hadn't eaten or had anything to drink for days. Supervisor Action Reports becoming a thing of the past

Continued from Page 1

"There are three kinds of people: those that think about making things happen, those that talk about making things happen, and those that make things happen.", I would propose that organizations are much the same. What kind of organization are we? I believe we are the caliber of organization that controls its own destiny!

Changes coming soon

Finally, I would like to bring you up to date on a few administrative notes. First, the SAR will soon be a document of the past. It will be replaced by the performance documentation in the supervisor's handbook. I encourage our supervisors to use this document as it was intended, and that is to document good employee performance, as well as a tool to provide direction in modifying sub par performance. Secondly, a sustained complaint will no longer prevent an employee from applying for a transfer. However, an employee's IAB history will be a consideration in the selection process.

Lastly, changes in vacation policy as they affect new hires are in the works. All these changes will be addressed in policy updates released in the coming weeks. These changes are a result of the command staff listening to and addressing your concerns.

In closing, I would leave you with this thought, "Triumph is made up of two words: Try.... andumph"! ★

Chief of Police

Sincerely,

Attached you will find a letter from Ronnie C. Harris, Mayor of the City of Gretna. Mayor Harris wanted to acknowledge your unselfish acts of kindness shown to them during the aftermath of Hurricane Katrina. As you may ascertain from his letter, Mayor Harris and the City of Gretna sincerely appreciated all of your efforts during these unfortunate circumstances. As an expression of their sentiments a resolution of gratitude is also attached to this letter.

Your actions truly reflect a compassionate quality that you should be proud of and others should emulate. You gave of yourself willingly and generously, and demonstrated outstanding policing and "people skills" by making yourself available during this disaster that affected every citizen of the United States. Words cannot express how elated I am to serve along with someone of your caliber. Thank you for your constant commitment to this department, and the citizens of Shreveport.

General orders get changes,

The Office of Operational Integrity made the following changes or additions to various general orders, which were effective Dec. 1, 2005. You may read a synopsis of the changes below. General orders also are available via the City's shared H: drive under SPT/SHR.

301.04 Attendance Incentive Program

- Removed language in which prohibited members from earning perfect attendance due to taking Death in Family leave.
- Added language to exempt Death in Family leave from counting against perfect attendance.

301.08 Annual Leave

- A minor revision was made to the "policy statement" to make it an actual policy statement.

- Added language to show the accrual of 1.5 days (12 hours) vacation for each month worked for new employees and that they will use that vacation during the year immediately following their first December 31st date.

- Defined that the 18 days earned during a member's first full calendar year will be used during their second calendar year and eliminated any variance

301.10 Military Leave

- A general section on military leave that defines the 15 days of leave was added.
- Members must choose vacation time, compensation time or leave without pay when they exhaust military leave.
- Defined the notification process for routine duty and activation.
- Clarified the pay and benefits section related to military leave.
- Defined the role of all supervisors involved in dealing with an activated member.
- Established accountability for a member failing to comply with notification guidelines.

New Baby!

Cpl. Trey Robinson became the father of a 5.15 ounce baby boy on Feb. 16. Peyton Robinson was born at Willis-Knighton - Fremont. Congrats to Cpl. Robinson and family!

303.06 Physical Fitness Standards for Police Applicants and Recruits

- Corrected format and outlined errors.
- The standards tables were organized for clarity and ease of reading.

- If an applicant fails to complete any of the assessment areas, except due to illness or injury, they can't retest for twelve months.
- The Chief of Police may authorize a second retest if an applicant fails one area at the level of two points.

- Requires written requests for re-testing and written approval.

303.09 Operation Santa Claus

- Establishes department policy for participation in Operation Santa Claus.

- Employees and family members may not derive gain from involvement in Operation Santa Claus.
- Establishes accountability for a supervisor to verify sponsored families.

- Establishes that members may only sponsor children in the city jurisdiction and must deliver the gifts themselves.

- The Chief of Police must assign or approve of a member participating in the program, other than sponsoring a child & delivering gifts.

305.05 Job Assignments and Transfers

- Added accountability references regarding who advises, how to apply for transfer and the selection criteria.

- Defined that the selection criteria must be established prior to the announcement, must be provided by the selecting commander and must be devised to be impartial

- Defines that measurable criteria for the evaluation must be on a 1-5 scale.

- Discipline will be considered and may be the sole source for rejection but doesn't prohibit a member from applying.

- The selection of applicants must be the top candidate.

602.04 Vehicle Towing

- Reflects change in 32.392 that no longer allows impounding for multiple violations or equipment violations per the recommendation of the City Attorney.

- Changes wording of storage facility from Central Storage Facility to contract storage facility to resolve conflict with a private business named "Central Storage."

VanSant selected for Who's Who national listing

Assistant Chief Mike VanSant has been selected to represent the city of Shreveport in the Empire Who's Who Among Executives and Professionals.

In recognition of his accomplishment, he will be featured in the 2005-2006 "Honors Edition" of the Who's Who registry.

VanSant was selected by the organization's Office of the Managing Director, who said he was chosen based on his current position and individual accomplishments.

Congratulations to Chief VanSant!

- Moved responsibility related to impound, release of impound and resolutions of notifications to a Sergeant assigned to the Property Unit.
- Created a decision making matrix guide to simplify understanding.
- Consolidated the police's release section. *

Teamwork credited for reaching lowest crime rate in more than two decades

By Asst. Chief Glenn Schach

Since the last newsletter, we have ushered in a new year. I believe that 2006 will present us with many challenges, and we will achieve many victories. I again want to congratulate all of you for the outstanding achievement of reducing crime in our city in 2005.

I also want to take this opportunity to congratulate those of you who received awards at the annual awards banquet. Many others are truly deserving of recognition as well, and to identify those who are to receive the awards is very

difficult. I want to acknowledge all USD operations that performed as "teams" to reach the reduction in crime that we realized. Obviously, the patrol shifts did an outstanding job, as did Traffic Services and the Community Oriented Policing members. Let's not forget the members from the other divisions because they, too, were valuable in our efforts to reduce crime and the fear of crime. Although it is important that we perform our best as individuals, it is imperative that we work as a team to reach such high goals. Thanks to each of you for your efforts.

We are currently conducting the necessary work required to purchase new patrol vehicles and related equipment. We are looking at the affordability to begin purchasing digital mobile video systems. If we can purchase a significant number of these systems and cursory information suggests we will be able to, there will be no need to wait in the "tape line" after completing your shift. The system we are looking at will allow for an automatic download of your video when you arrive at the station. Let's keep our fingers crossed that we will be able to move in this direction.

We are still analyzing data as a result of our redistricting. Some minor changes are anticipated in the future but we must have sufficient data to support any changes. Otherwise, we will be making changes every month. So far, our response times to priority one calls have actually remained relatively constant and that average is less than six minutes. Good job everyone!

I want to remind everyone that we want to continue in our commitments and efforts to reduce crime and the fear of crime. Let's not rest on our past successes. We must continue to review crime data and concentrate our efforts on the areas where crime is occurring. We must remain focused as our mission is to serve and protect the citizens of our city. ★

their clothing allowance. Or, if we decide not to adopt it, it could be offered as a commemorative badge, not for wear but available for individual purchase. The options are limitless, but first things first! What do you think of the design? Would you change anything? Are you interested in adopting it? Do you have any suggestions other than those listed above for fielding it? Please forward any comments by e-mail to me or Kathy Robinson, and we'll keep you posted on the outcome.

That is about it from my corner. Keep up the good work, and I promise to try to keep the changes to a minimum this year. I will leave you with this quote, "If a man is called to be a streetsweeper, he should sweep streets as Michelangelo painted, or Beethoven composed music, or Shakespeare wrote poetry. He should sweep streets so well that all the hosts of heaven and earth will pause to say, here lived a great streetsweeper who did his job well." Any idea who authored this quote? Be the first SPD employee to e-mail me with the author of the quote after distribution of the newsletter and win a \$50.00 gift certificate to the restaurant of your choice.
